Off-campus Education

Off Campus Work Experience & RAP (Registered Apprentice Program) Supervisors

Work experience, R.A.P. & Health Services (Mrs. Shulson)

<u>Work Experience Credits</u> Do you have a job? You need to get Work Experience credits! Benefits:

- 15 credits may be used to earn a high school diploma
- Develop job skills, increase your average and broaden, and diversify your transcript.

Students MUST have a contract completed and submitted in to the Off Campus Office (OCO) BEFORE any hours can be counted for work experience credits. Therefore, students who are working must get into the OCO to get a contract, complete it and submit it. Only then can a student start tracking their hours. **HCS 3000 is a pre-requisite course for work experience**.

Even if students do not think they will need the credits, it is STRONGLY recommended that they access them if they are working. Better to be safe, have a diversified and extensive transcript, and access all the credits possible over high school, than to be sorry and scrambling in the final months of grade 12, or in the years to come.

Registered Apprentice Program (RAP)

RAP is a modified apprenticeship program that permits a high school student to become an apprentice in a trade while attending school. A RAP apprentice accumulates hours of on-the-job training as credit toward his or her apprenticeship, and up to 40 credits toward a high school diploma. Choose from over 50 eligible trades! Students are also eligible to apply for a \$1000 RAP scholarship at the end of their grade 12 year. See the McCoy webpage **www.mcoyhighschool.ca**, or contact **Mrs. Shulson at <u>rylee.shulson@mhcbe.ab.ca</u> for more information.**

CCT helps students and families start to identify various ways to manage stress and build resiliency.

Wellness Room

The wellness room is a safe space created to provide students with an opportunity to focus on reducing stress and anxiety, and the development of healthy coping strategies and self-care. Our Wellness Room features a variety of comfortable seating, soft lighting, and a calm atmosphere. We have fidget tools, mindfulness colouring books, kinetic sand, prayer cards and inspirational art.

Chapel

The Chapel is staffed at different times by Chaplin BJ Grove and our CCT coordinator, Justine Fiegler. In this room students can take a break from their day to connect with the adults in the room, play games, complete homework, and engage in spiritual conversations that affirm their faith, and shape and strengthen their character. Students can also engage in wellness activities and develop strategies to manage school-related stress.

Student Activities

School Activities

School Communities

As a part of the AP 160, Medicine Hat Catholic Schools are committed to using the LIFE Framework as a guideline for the creation and operation of student groups that are comprehensive in their approach to inclusion and open to the exploration, in a Catholic context, of a variety of issues including bullying, sexual harassment, sexual orientation, gender identity, discrimination, justice, and respectful relationships and language. The LIFE Framework is the result of a provincial collaboration of Catholic school jurisdictions. <u>Monsignor McCoy</u> may be organizing LIFE Framework/Diversity groups. We will keep the school community informed through the school newsletter.

Student Conduct

Administrative Procedure 351 – Student Conduct

Medicine Hat Catholic Board of Education STUDENT CODE OF CONDUCT

1. Statement of Purpose - Medicine Hat Catholic Board of Education is committed to providing welcoming, caring, respectful and safe learning environments that respect diversity and a sense of belonging for students that includes the establishment of a code of conduct for students that address bullying behaviour. Medicine Hat Catholic Board of Education affirms the rights, as provided for in the Alberta Human Rights Act and the Canadian Charter of Rights and Freedoms, of the students enrolled in a school operated by the board. Students will not be discriminated against as provided for in the Alberta Human Rights Act or the Canadian Charter of Rights and Freedoms. (School Act Sec 45.1). The treatment of all persons with respect and dignity is a core value within the District. Expectations for student conduct arise from School Act requirements and the school district's Catholic values. In our ministry, we value and celebrate:

- Teaching and living our Catholic faith
- Our Catholic traditions
- Our ability to offer a full range of educational programs for all students
- That every child is a unique creation who possesses an intrinsic dignity which must always be respected
- Parents as primary educators. Parents have the first responsibility for the education of their children

2. Definition of Bullying - Section 1.1 (b.1) Alberta School Act, defines "bullying" as " repeated and hostile or demeaning behaviour by an individual in the school community where the behaviour is intended to cause harm, fear or distress to one or more other individuals in the school community, including psychological harm or harm to an individual's reputation."

3. Communication - The Student Code of Conduct must be:

- Made publicly available
- Reviewed every year, and
- Provided to all staff, students and parents/legal guardians

4. The Alberta Human Rights Act - Our priority is to ensure that all of our students are provided with a respectful and compassionate school environment rooted in Catholic values and teachings. This includes

- Adhering to the Alberta Human Rights Act
- Respecting School authorities and School and District property, as well as, the property of others

5. Shared Responsibility - Medicine Hat Catholic Board of Education recognizes that responsibility for student conduct is a shared responsibility between

Appendix A (Student Code of Conduct) Page 1 of 2

the District, students, their parents/guardians and the broader community. The students in our District are expected to behave in a virtuous manner that is charitable, courteous, respectful of others and supportive of the school philosophy and the goals of Catholic education.

6. Acceptable and Unacceptable Behavior - As required in Section 12 and Section 45.1(3) of the School Act the following behaviors are deemed acceptable and unacceptable within the Medicine Hat Catholic Board of Education. **6.1 Acceptable Behaviors**

Students are expected to meet the requirements of the School Act (Section 12) which states a student shall conduct himself or herself so as to reasonably comply with the following code of conduct:

- Be diligent in pursuing the student's studies
- Attend school regularly and punctually
- Co-operate fully with everyone authorized by the board to provide education programs and other services
- Comply with the rules of the school
- Account to the student's teachers for the student's conduct
- Respect the rights of others
- Ensure that the student's conduct contributes to a welcoming, caring, respectful and safe learning environment that respects diversity and fosters a sense of belonging
- Refrain from, report and not tolerate bullying or bullying behaviour directed toward others in the school, whether or not it occurs within the school building, during the school day or by electronic means
- Positively contribute to the student's school and community

6.2 Unacceptable Behaviors

The following are examples of unacceptable behaviors with regard to student conduct in schools that interfere with the establishment of welcoming, caring, respectful and safe learning environments that respect diversity and a sense of belonging for students in school, online or in our community:

- Defiance and disrespect
- Inappropriate use of language
- Behaviors that interfere with the learning of others and/ or the school environment or that create unsafe conditions whether or not the behavior occurs within the school building, during the school day or by electronic means.
- Open opposition to authority
- Bullying, including cyber-bullying
- Breaches of digital on-line safety
- Physical harm/assault; Personal and/or sexual harassment
- Possession or use of weapons
- Drug, tobacco, e-cigarette, alcohol use, possession or distribution
- Inappropriate student dress

Student Conduct

Administrative Procedure 351 – Student Conduct

- Inappropriate use of mobile devices
- Theft and vandalism; Threats or intimidation
- Extortion; Discrimination

7. Progressive Discipline Plan - The school's discipline plan will outline the expectations, consequences and the progression of actions to be taken depending on the severity and/or frequency of the occurrences and will take into account the student's age, maturity and individual circumstances, and must ensure that support is provided for students who are impacted by inappropriate behaviour, as well as for students who engage in inappropriate behaviour. As well, parental and district involvement may be requested to support school discipline procedures.

At all times, teachers and administrators will use their professional judgment in applying consequences. Each school will keep a record of any disciplinary action taken with a student or group of students.

Consequences are intended to have a positive effect on the student's journey through reconciliation, either formally or informally, with the school community and those affected by the student's behaviour.

The following consequences are progressive in their degree of intervention and will be enacted depending on the frequency and severity of occurrences. They will be applied consistently and fairly to all students, notwithstanding the individual differences of children and the uniqueness of specific circumstances and situations.

Progressive discipline is a whole school approach that utilizes a continuum of interventions, supports, and consequences, including:

Prevention measures and initiatives:

- Early and ongoing intervention strategies
- Strategies to address unacceptable behavior
- Interventions and consequences increase when:
- The concerning behavior is persistent
- The concerning behavior escalates
- There is a very serious infraction of the code of conduct

Interventions and consequences may include, but are not limited to, the following:

- Informal Conferences
- Restriction of Privileges
- Parent Conferences
- In School Suspensions
- Risk Assessment
- Suspension / Expulsion (AP 357)
- Student Redirection
- Behaviour Support Plan
- Learner Support Plan
- Involvement of Instructional Services and Supports
- Involvement of External Services and Supports

Appendix A (Student Code of Conduct)Page 2 of 2

The Principal may involve police in disciplinary matters when criminal activity has become evident. When police are involved, the Principal will conduct a separate, parallel investigation at the school level and provide disciplinary action separate from any criminal charges that may be issued.

8. Student Support - Support will be offered to students impacted by inappropriate behaviour and to those students who engage in inappropriate behaviour. This is significant because while the student code of conduct must address the consequences for inappropriate behaviour, it also ensures that support (not just consequences) is provided to those students who engage in unacceptable behaviour. Examples of how support could be provided to students who have engaged in unacceptable behaviour include mentoring, restorative processes, regular check-ins with teachers or schools counsellors, counselling, etc.

9. Consideration of Student Diversity - The *School Act* requires that the student code of conduct address consequences for unacceptable behaviour and that these reasonable consequences take into account the student's age, maturity, and individual circumstances. The specific circumstances of the situation and of the student need to be taken into account when determining appropriate consequences. For example, any diverse needs that the student has – whether they are physical, behavioural, communicational, mental health, trauma, etc. must be considered.

School Policies

DRESS POLICY

Students' appearance and dress is to reflect a standard of modesty and courtesy that is appropriate and fitting for an educational environment of the school and for making a smooth transition to the work place. Clearly not appropriate for school are extremes of style including, but not limited to, the following: exposed under-garments, open side shirts, "see-through" attire, clothing that shows buttocks, obvious cleavage/back, and/or excessive waist/midriff, and clothing with symbols, insignias, and printed messages that are inconsistent with the District Mission Statement. Facial and body ornaments (e.g. protruding spiked jewellery) that may endanger safety are unacceptable. All dress and attire should reflect Catholic values.

The Principal or the Vice Principal shall make the final decision on the acceptability of any style of dress. All violations will be dealt with on an individual basis. Students in violation of the dress code may be required to cover up or change their clothing, or may be sent home to do so. If parents come in with proper clothing, the student will remain in the office until the parents arrive and the change in clothing has occurred. Subsequent violations may result in a suspension.

Students may not wear hats and headwear in the school until the final bell of the day.

STUDENT DRESS CODE - AP 331

Dress influences the attitudes of students to themselves and to their work. Just as there is a mode of dress suited to the playing field or the gymnasium, to various social activities, and to formal functions, so there is a mode of dress suited to the classroom. Our commitment to educate the "whole" child so that students can be contributing members of society necessitates that children learn respectable modes of dress.

Students will be expected to dress in a modest and appropriate manner. It is the expectation that all students be clean, tidy and respectful in appearance.

Procedures

- 1. The principal, in consultation with staff, School Council and Student Council shall further define appropriate dress for the school.
- 2. The principal, in consultation with staff and School Council shall develop procedures on how best to deal with students who are inappropriately dressed. These procedures shall be communicated to parents at the beginning of each school year and at other times when necessary.

If students need to use their cell phones during class time, they must ask permission from their teacher.
- Cellphone use will NOT BE PERMITTED in any change room or washroom including off campus facilities.

ACADEMIC IMPROVEMENT POLICY

One of our goals at Monsignor McCoy High School is for students to learn as many outcomes as possible. To assist in achieving this goal and to allow for the professional judgment of the teachers in respect to student assessment in the various disciplines, each department has established their own Academic Improvement Policy that will include the following:

- a) All teachers will offer an Academic Improvement Policy that is consistent within each course
- b) Type of assessment(s) that the Academic Improvement Policy will be used on
- c) Conditions for students to earn their chance to use the Academic Improvement Policy that are directly related to the student learning more outcomes

*QUAD-SCHOOL POLICY

Administrators from the city's four secondary schools have developed regulations to govern student behaviour at inter-school functions. Students and parents shall be notified of these regulations. <u>Regulation</u>

Action will be taken when a student exhibits any of the following unacceptable behaviours during a co-curricular activity:

- a) drinking, being under the influence of, or in the possession of alcohol; or
- b) using, being under the influence of, or in the possession of illicit drugs; or
- c) creating a disturbance or endangering others.

<u>Consequences</u>

Violators of this regulation will receive a minimum of:

- a) a three (3) day suspension from school. This suspension may be reduced to one day and twelve hours of service to the school, and
- b) a three (3) month suspension from all co-curricular activities. This suspension may be reduced by up to onehalf by providing a service to the school at the rate of 20 hours of service per month of reduction. This service must be completed prior to any reduction taking place. The first half of the suspension must be served in any case. A suspended student will be allowed to take part in his/her graduation exercises/ceremony.

Appeal

Suspensions under this regulation may be appealed to the Superintendent. Upon such appearance being made, the school administrator will supply all pertinent information to the Superintendent.

*Note - Students are not allowed on other school's property during school hours without permission. This will result in an automatic suspension.

ATTENDANCE POLICY

Regular attendance and punctuality are important factors in achieving excellence in the teaching/learning process in the classroom. The School Act states that students are to miss school only if it is an **unavoidable circumstance** or if they are **ill**. The following are actions taken by the school to promote regular attendance.

Responsibilities

- a. **Students** have the primary responsibility for attendance in all classes and **parents** have the secondary responsibility for attendance of their child in all classes.
- b. Teachers are responsible to take attendance each class throughout the day.
- c. **Parents** are responsible for informing school personnel of all absences within 48 hours of which the absence has occurred. Phone the 24 hr. attendance hotline at 403 526-4349 to excuse your child.
- d. **Students** are responsible for all class work and assignments even if their absences are unavoidable or school generated. (field trips, sports, etc.)
- e. Attendance at Assemblies and Religious Celebrations is COMPULSORY!
- f. Exemplary attendance is compulsory for involvement in extra-curricular activities (athletics, drama, band, work experience, etc.) Failure to model exemplary attendance may result in removal from extra curricular involvement.

Senior High Students

Ongoing (possible 8 contacts)	Parents/Guardians will be contacted daily by the automated attendance phone in regards to unexcused absences.
After 4 Unexcused Absences or 8 Total Absences (Three credit course) After 6 Unexcused Absences or 12 Total Absences (Five credit course) (last contact before alternate program)	Teachers will contact parents. A follow-up will be done by ad- ministration and a meeting will be requested to go over the stu- dent's attendance profile and to discuss their written plan for regular attendance.
After 6 Unexcused Absences or 10 Total Absences (Three credit course) After 8 Unexcused Absences or 15 Total Absences (Five credit course)	The student may be removed from the course and an alternate program may be set up.

Late Policy for all Students

- a) As part of their "Discipline Policy", individual teachers will have methods in place to manage students that come late.
- b) Lates will be monitored on a regular basis by the teacher and appropriate consequences will be given if the student continues to be late for class. Administration will follow up if lates continue to be a concern.

Student Absence During the School Year

Parents/guardians sometimes choose to take students out of school for extended periods such as vacations, visits to relatives, assistance to the family and so on. In such situations, the school does not grant permission for the absence. Parents/guardians must accept full responsibility for the detrimental effects of the absence. Regular class attendance is important to achievement. If an absence is planned during the school year, the student or parent should let the school administration and the various subject teachers know well before the absence. Teachers may give guidance and assignments that will reduce the negative effects of the absence. Please note that in virtually all situations, significant absences will have a detrimental effect on achievement.

*Students must be in attendance for all scheduled final exams.

- *1st Semester January 12 until January 27, 2023
- *2nd Semester June 12 until June 28, 2023

Academic Honesty Policy (Includes Plagiarism)

Monsignor McCoy High School prides itself in excelling in academic achievement through student honesty and hard work! As a McCoy student, you are expected to conduct yourself with truth, honesty, and maturity, which are fundamental in the search for knowledge and learning at McCoy.

Student Conduct and Discipline Unsatisfactory behavior and academic dishonesty includes such things as plagiarism, lying, cheating by copying or bring- ing written or electronic answers into the examination setting, or stealing examinations and altering grades, which will result in disciplinary action.	 Consequences of Intellectual Dishonesty In the first offence, the consequence for a breach of the intellectual honesty policy by the student shall include the following: 1) The consequence will result in a mark of zero on the grade
Responsibility of the Student You are obligated to refrain from all forms of intellectual dis- honesty.	of the assignment, quiz, or examination. 2) The student will be given a 1 day in-school suspension in which they will be required to re-write the assignment, quiz, or examination so that the teacher will know what the stu-
Each of the following actions constitutes intellectual dishones- ty. However, these actions do not necessarily exhaust the forms which intellectual dishonesty may take:	dent has learned in regards to that outcome. They will also be required to complete all in-school suspension require- ments.
 Copying the work of another person without giving credit to the author and submitting the work as one's own ideas (plagiarism). 	3) The student will phone their parent/guardian and explain the details of this breach.In the second and future offenses, the consequence for a
 Using unauthorized materials or communicating information without authorization in a test or examination. This would include such items as i-pods, mp3 players, phones, un-cleared calculators or unauthorized calculators, cheat sheets, etc. 	 second and future breaches of the intellectual honesty policy by the student shall include the following: 1) All of the above will occur however the suspension will be increase to 3 days.
 Altering marks on an assignment, tests, examination, or quizzes. 	 A parent/student and Administrator meeting shall be set up by the Administration of McCoy to discuss details of the incident and how to avoid future breaches of this policy.
 Helping or attempting to help another person to commit an act of academic dishonesty. This includes allowing students to copy all or any part of assignments, tests, examinations, and/or quizzes. 	 The combined marks of zero will serve as a natural conse- quence which will lower the student's mark which may result in having to repeat the course.

What is Plagiarism? *Plagiarism* means using someone else's work without giving proper credit. Please read the following page for tips on "How to Avoid Plagiarism".

- ~ "Work" includes, but is not limited to: written words, art, music, computer programs, information from the Internet, sound recordings, videos, interviews, pictures, graphical data, or statistics.
- ~ "Giving proper credit" means following the formatting rules of a documentation style which will be given to the students by each teacher.

WHY SHOULD YOU BE CONCERNED ABOUT PLAGIARISM?

- ~ Plagiarism is dishonest and unethical.
- ~ Plagiarism violates the McCoy Academic Honesty Policy

How to Avoid Plagiarism

- 1) Hand in your own work. Do not hand in another person's assignment or paper as your own. Copying whole or part of another person's assignment or paper is plagiarism.
- 2) Learn how to use the required documentation style indicated by your teacher. Documentation styles require you to give credit as you write your paper and to provide complete information about the source at the end of the paper.
- 3) Record the bibliographic information for each source you use in your research. The first time you take notes from a source, write out the information for that source: author, title, copyright date and place of publication, publisher, and any additional information that is required by the documentation style.
- Take accurate and complete notes. When taking notes, establish a system of noting whether the information is your own thoughts, a quotation, or information you have borrowed and put into your own words.
- 5) Use quotation marks to indicate copied words. When you repeat another's exact words, you must use quotation marks to indicate that the information was copied directly from the source.
- 6) Give credit to any information that you have put into your own words. Even though you have restated information in your own words, you still must give credit to the source of the information.
- 7) Use your own words and style of writing. Plagiarism can easily occur when you skip the step of note taking and write your paper directly from books and articles. The problem with writing directly from your sources is that it is very difficult to translate into your own words and is very tempting to use original words and parts of sentences. Plagiarism usually occurs when:
 - \Rightarrow Original words or phrases from a source are used in a sentence
 - \Rightarrow The basic sentence structure is kept and some of the words are changed
 - \Rightarrow Reversing the order of words in a sentence
- 8) Give credit to any information you acquired through your research. You do not have to give credit to commonly known facts. Whenever in doubt, give credit!
